#	Item & Description	Qty	Price	CGST	SGST	Total Amount
1	Monthly Maintenance 1. Software updates and upgrades: We will guarantee your software is constantly updated and that it remains consistent. This will help your account be in sync with the current technology trends and that you are part of it. We provide patches regularly so that your data remains secure. The monthly cost also covers any development or customization you may need, and which is vital to your business as long as the requirements are reasonable and do not take time out of our developers. For new Modules or extensive changes, you may incur more charges. Please talk to our Customer Support for more information. 2. Backup of your data Your data is regularly backed up through various scripts on a timely basis. 3. Server Resources: We ensure that all our membership customers get high availability server resources. Our Technical experts constantly monitor spikes on the servers and resolve issues as soon as it happens right away. We constantly update our server software to the latest stable version to prevent any unforeseen incidents. 4. Premium Support Membership holders will be able to reach the customer support 24/7. There will be dedicated personnel assigned to your account who will help your team in case of issues popping up or any relevant questions that you may have regarding the software.	1	7500	9 %	9 %	7500

SubTotal ₹ 7500.00
